Bogotá D.C., Colombia | +57 305 376 4120 | alejandrogarciamarulanda@outlook.com | LinkedIn | Web Profile

EXECUTIVE PROFILE

Business Administrator (Universidad EAFIT) and Financial Administration Specialist with 24 years of professional experience, including 11 years as General Manager with full P&L ownership and end-to-end business oversight. Combines executive leadership in Supply Chain optimization, large-scale distribution, and B2B/Retail omnichannel expansion with advanced specialization in Data Science and Artificial Intelligence applied to business profitability. Proven track record leading digital transformation, data governance, and operational modernization, including scaling business units by +400% in revenue, increasing profit margins by +50%, and structuring efficiency models for international tenders exceeding USD 5M. Focused on operational synergies, analytical governance, and value creation in large-scale, multi-category organizations.

CORE COMPETENCIES & STRATEGIC LEADERSHIP

- Strategic Leadership & P&L: Full financial control, large-scale budget optimization, pricing, and profitability models.
- Digital Transformation & AI: Predictive models, LLM-based process automation, BI architecture, and ERP software development.
- Logistics & Supply Chain: Large-scale multi-category distribution, route optimization, customs logistics, Free Trade Zones, and freight management.
- Omnichannel Commercial Strategy: B2B/Retail expansion, international tenders, key account management, and market intelligence.

PROFESSIONAL EXPERIENCE

General Manager (Ownership & Overall Strategy) | Servicios Integrales Logísticos S.A.S. — Bogotá D.C., Colombia (2015–2026)

- Led overall business strategy and P&L management for a decade, structuring advanced logistics solutions and multi-category distribution for key sectors including FMCG, retail, pharmaceuticals, telecommunications, and industrial markets.
- Orchestrated the design and deployment of proprietary ERP software focused on end-to-end operational traceability, resulting in finalist recognition for the Premio Innova and strengthening a high-trust audit operation recognized as an Empresa Confiable by DIAN.
- Designed and implemented advanced Power BI dashboards and data analytics to optimize import and distribution costs, supporting customer loyalty and retention among major cargo generators.

Management & Operational Strategy Consultant | Carlo Carrizosa S.A.S. — Bogotá D.C., Colombia (2022–2024)

- Structured the operational and financial value chain through real-time inventory control models and collection-level profitability analysis, improving data-driven decision-making.

Commercial Manager | Nexus Logistics S.A.S. — Bogotá D.C., Colombia (2013–2014)

- Increased profit margin by 50% through logistics route reengineering, international freight rate agreements, and the structuring of customs operations within a Free Trade Zone.

Bogotá Office Director | Júpiter Global de Colombia S.A.S. — Bogotá D.C., Colombia (2011–2012)

- Increased annual revenue by 400% by leading commercial and logistics operations for critical cargo and positioning the Bogotá branch as a national leader in target achievement and profitability.

Commercial Manager | Prisa Operador Logístico (Prilogic) — Santiago, Chile (2008–2010)

- Managed a large-scale B2B commercial portfolio with annual revenue of USD 40M, designing logistics cost structures and operational efficiency models.
- Secured a landmark USD 5M tender through a new model focused on cost efficiency and sustainable margins.

National Sales Executive | International Footwear Corp S.A.S. — Bogotá D.C., Colombia (2007–2008)

- Expanded the corporate retail and major-account customer base by 50%, coordinating supply and large-scale distribution of international athletic footwear brands.

Marketing Manager & Showroom Director | Automontaña Ltda. (Mazda) — Medellín, Colombia (2002–2006)

- Increased market share from 35% to 61% through market intelligence and inventory optimization, while achieving first place nationally in Customer Satisfaction Index (CSI) and increasing sales by 20%.

EDUCATION & PROFESSIONAL DEVELOPMENT

- Specialization in Financial Administration — Universidad Católica de Colombia | Bogotá | 2015
- B.A. in Business Administration — Universidad EAFIT | Medellín | 2004
- Artificial Intelligence Course (LLMs & Apps) — Estud-IA Academy by Polygonus | Bogotá | 2025
- Data Analysis & Visualization Bootcamp — Cymetria / MINTIC (Python, SQL, Power BI) | 2024
